drug plan for  
low-income seniors*

## What is HoosierRx?

Hoosiers are finally seeing results from the Master Settlement Agreement plan that awarded Indiana \$5.6 billion over the next 29 years. Thanks to the General Assembly and a panel of experts appointed by the governor, the state has designated \$20 million for prescription drug co-payments for low-income senior citizens.

HoosierRx is a drug card program. If you are eligible for the HoosierRx Drug Card, you will get 50% (or half ) off the cost of your prescription medications directly at the pharmacy, until you meet the yearly limit. After the yearly limit has been met, you will still receive a small HoosierRx discount on prescriptions, if you continue use the HoosierRx Drug Card.

## Who is Eligible ?

**You must be an Indiana resident age 65 or older.**

**You may NOT have any prescription drug coverage through an insurance plan or through Medicaid, including Medicaid with a spend-down.**

**Your monthly income must be:**

- **Single person – \$997 or less**
- **Married couple – \$1,344 or less**

## How much of a benefit will you receive?

The yearly benefits are also based on your family's (you, your spouse and any dependent children) monthly income and prescription drug costs, as follows:

**If your monthly income is \$997 a month or less for a single person, or \$1,344 or less for a married couple, you could receive 50% (or half) off of your prescription drug costs, up to \$500 in a year.**

**If your monthly income is \$886 a month or less for a single person, or \$1,194 or less for a married couple, you could receive 50% (or half) off of your prescription drug costs, up to \$750 in a year.**

**If your monthly income is \$739 a month or less for a single person, or \$995 or less for a married couple, you could receive 50% (or half) off of your prescription drug costs, up to \$1,000 in a year.**

## How does the Hoosier Rx program work ?

All interested Hoosier seniors are asked to fill out a short, one-page application and send it to HoosierRx with proof of their monthly income.

An application typically takes 4 weeks to process, but could take up to 6 weeks. Once the application is processed, the senior will receive an eligibility letter.

If eligible, the senior will receive a

HoosierRx Drug Card and instructions on how to use their card at the pharmacy to get 50% (or half) off the price of their prescriptions. If the senior is denied eligibility, they will receive a denial letter.

## How do you use your Hoosier Rx Card?

Take your HoosierRx Drug Card to your pharmacy and present it to the pharmacist. The pharmacist will enter the information into the pharmacy computer system and you will receive 50% (or half) off the cost of your prescriptions up to your yearly limit.

Remember, you will only receive 50% (or half) off of your prescriptions up to a yearly cap. However, after your cap is reached, you can still continue to use your HoosierRx Drug Card to get a small discount on prescriptions.
